How Leasing Works

Leasing is simple. You, the customer (lessee), determine exactly what equipment you want to acquire from your vendor.

After you have chosen the equipment, you either complete our one-page lease application and fax it to us for approval or call us toll-free and we will take the information right over the telephone.

You will normally have a lease approval within 48 hours.

Upon lease approval, we will overnight the necessary documents with a prepaid return envelope to promptly execute the order and shipment of your equipment.

Once you have received all of the equipment and authorize us to pay your vendor, we will activate the lease.
